

## Heroes Valley presents the 2024 Alberto NASKA Racing Season

**Alberto Naska and Heroes Valley meet on the track for a 2024 season full of news: ready to present cars and championships at the Hardcore Drivers Midnight Meeting on 23 February 2024**

**Heroes Valley** on the occasion of the *Hardcore Drivers Midnight Meeting*, at MondoJuve Shopping Village in Turin, on Friday 23 February 2024, will present **Alberto Naska's** racing season and three cars he will races.

The season starts at Mugello on 22-24 March where **Alberto** will race the *LOTUS Cup Italia* for *PB Racing*: 6 events of two races each on a fantastic LOTUS Elise Cup PB-R. The series takes place as part of the racing weekends organized by FX Italian Series. The Lotus **#54** will be fast and unforgiving!

During the weekends organized by FX, **Naska** will be the protagonist of another championship: *FX PRO Series*, on a Tatuus T014 obviously number **#54**. The single-seater will test **Alberto**'s abilities, who is already dedicating special training to his neck muscles. As with the Lotus Cup, **Naska** will run two races per weekend.

**Naska** continues the partnership with *Motorsport GRT Team* for the *MitJet Italia Racing Series*: five events, with four races per weekend, which will start on 5-7 April alongside an important race such as the GT Endurance Cup by SRO on the French Paul Ricard circuit and then continue on the Italian circuits. An unlucky 2023 in the *Mitjet championship* didn't mark **Alberto**: ready to drive a fun and high-performance car exclusively and to get involved again with the aim of leading the standings.

**Heroes Valley** is waiting for you at the *Midnight Meeting of Hardcore Drivers* Friday, February 23 to discover together with **Naska** his racing cars!
