Regional Conventions Highlights “Keep Seeking First God’s Kingdom!”

MEDOLE — Over the past week-end English Speaking Jehovah’s Witnesses of North Italy attended the Regional Convention at the Assembly Hall in Strada Crocevia 40.

The Theme of the Convention was “Keep Seeking First God’s Kingdom”. During the program it was explained what God’s Kingdom is and the positive influence it has on our lives.

A key and thrilling moment was the baptism of 21 new brothers and sisters from 4 different countries. This highlights the international brotherhood existing among Jehovah’s Witnesses.

The peak attendance was 2.167 from 38 different countries.

Another exciting event testifying the zeal and willingness to take interest in the spiritual welfare of our neighbors was the attendance of 116 (made up of 32 couples, 11 single brothers and 41 single sisters) at the meetings for applicants for the School for Kingdom Evangelizers. This school will provide training and better qualify these full time servants to serve where the need is greater.

At the end of three beautiful days of encouraging and strengthening spiritual counsel and reminders, with our hearts full of appreciation we invite all who are touched by this information to find out more on the official website <http://www.jw.org/en/jehovahs-witnesses/conventions/>
